WHAT NOW?

1.

TAKE THE TIME TO EXPLORE

AND UNDERSTAND THE RESULTS IN THIS
REPORT.

2.

DISCUSS THE RESULTS WITH YOUR TEAM

IDENTIFY THE THINGS TO CELEBRATE
(STRENGTHS) OR IMPROVE (ACTION AREAS).

3.

DEVELOP A PLAN OF ACTION

COMMIT TO 2-3 ACTIONS THAT WILL HAVE
THE BIGGEST IMPACT FOR YOUR PEOPLE.

TIPS & SUGGESTIONS

01.

Take the time to digest the scores and identify the areas where you are performing well.

These will tend to be high scores which are notably above any comparative scores. These should be celebrated. Share the good news with employees.

UNDERSTANDING YOUR REPORT AND GETTING TO ACTION!

THE SCORES ON THE FRONT PAGE GIVE YOU SOME SUMMARY INFORMATION. FIRST TAKE THE TIME TO FULLY UNDERSTAND THIS REPORT BEFORE SHARING WITH OTHERS.

WHAT IS YOUR RESPONSE RATE? IF HIGH, THE RESULTS WILL BE REPRESENTATIVE OF THE VIEWS OF YOUR COLLEAGUES. IF LOW (<20%) TAKE CARE WHEN INTERPRETING THE RESULTS. ENCOURAGE ALL COLLEAGUES TO HELP WITH ACTION PLANNING AND HOPEFULLY THIS WILL ENCOURAGE THEM TO COMPLETE THE SURVEY NEXT TIME.

HOW DO YOUR SCORES COMPARE TO THE AVAILABLE COMPARISONS?

ARE THERE ANY SCORES THAT ARE UNEXPECTED?

Identify areas that need improvement.

02.

These will be the lower scores, and/or those which are scoring notably below your comparators. Discuss these areas with your colleagues in focus groups or one-to-one discussions. Gather their thoughts and solutions before deciding actions to take.

03.

Review the high neutral responses (lots of employees ticking 'neither agree nor disagree')

Ask your colleagues about their views to find out what is causing this uncertainty. More communication and involvement may help to shift them to a positive frame of mind.

04.

Consider what actions could be taken which will have the greatest impact on employee engagement.

It may be helpful to discuss with your manager or other colleagues (your peers, HR, subject matter experts) to share ideas before developing plans for action.

There are lots of websites of ideas and case studies to give you further inspiration and top tips.

05.

Some actions may be 'quick wins' and short term. However, in most instances, you will need to think longer term.

What do you want employees to be saying about their working lives in the future?

What should be put in place to achieve this?

The 'All questions' pages show every question asked in the survey and the proportion of colleagues responding positively (strongly agree + agree), neutrally (neither agree nor disagree) or negatively (disagree + strongly disagree). Look at how your positive score compares to your parent unit, and your last survey's results.

Is there room for improvement?

06.

WHAT'S NEXT?

SHARE RESULTS WITH YOUR PEOPLE.

SPEND TIME EXPLORING THE DRIVERS BEHIND THE SCORES WITH YOUR PEOPLE.

DISCUSS WITH THEM WHAT ACTIONS THEY FEEL SHOULD BE TAKEN WHICH WILL HAVE THE GREATEST IMPACT ON EMPLOYEE ENGAGEMENT.

AGREE ON A SMALL NUMBER OF IMPACTFUL ACTIONS.

AGREE HOW YOU WILL MEASURE THAT ACTIONS HAVE BEEN SUCCESSFUL.

COMMUNICATE PROGRESS AGAINST YOUR ACTIONS.

41%

of employees replied favourably to:

'I believe action will be taken on the results from this survey by the sector.'

APPENDIX A: METHODOLOGY

SURVEY TIMEFRAME

This report contains results for the I WORK FOR SA - Your Voice Survey 2021, which was open from 27 April to 28 May 2021.

INDEX CALCULATIONS

Where questions have been grouped together to form an index for example Enabling High Performance, this has been calculated by adding the positive scores of all items in the group, and then dividing by the total number of respondents across all questions in the group to create a % positive average figure. For ease of reporting this figure has been rounded. Please note this does not apply to the Engagement Index which has been calculated using the method outlined below.

EMPLOYEE ENGAGEMENT INDEX

Scores are assigned to each of the question responses in the index (100% Strongly agree, 75% Agree, 50% Neither agree nor disagree, 25% Disagree, and 0% Strongly disagree). Once the scores are added together these are then divided by the number of respondents to create an average % positive. For ease of reporting this figure has been rounded.

KEY DRIVER ANALYSIS

Experience tells us that a successful response to survey results requires focus on key priorities. Key driver analysis (KDA) helps identify these priority areas. Statistical techniques including factor and regression analysis identifies the factors (groups of questions) and individual questions with the **strongest influence on your engagement index**.

Firstly, **factor analysis** identifies patterns in the survey questions, allowing us to see if a group of questions are measuring the same underlying characteristic(s) (i.e. they belong to the same survey theme). This statistical technique assumes that when questions are answered in a similar way, the employee is thinking about the same underlying theme.

Regression analysis is then used to identify questions most likely to influence and drive employee engagement within each theme. This is achieved by developing a statistical model which determines the importance ('weight') of each question on engagement. These weights are used to identify which questions have the most impact on engagement. Once we know the highest impacting factors, to simplify reporting we take the highest impacting questions from the top factors to determine 5 key driver questions.

In order to assist smaller organisations and teams to obtain a set of priorities or 'key drivers' we also use local driver analysis (LDA). This is an automated technique which uses correlation analysis to explore the relationship between the survey questions and engagement. Correlation will rank survey questions, and the top 5 are reported as 'key drivers'. Where a team has less than 20 respondents' drivers are inherited from the parent unit.

THE FINE PRINT

% POSITIVE

WHERE RESULTS ARE SHOWN AS POSITIVE PERCENTAGES (% POSITIVE), THESE ARE CALCULATED BY ADDING TOGETHER POSITIVE RESPONSES ("STRONGLY AGREE" + "AGREE") AND DIVIDING BY THE NUMBER OF RESPONDENTS WHO ANSWERED THE QUESTION.

$$\begin{array}{c}
 \div \\
 \text{number of respondents who} \\
 \text{answered the question} \\
 = \\
 \text{\% POSITIVE}
 \end{array}$$

ROUNDING

RESULTS ARE PRESENTED AS WHOLE NUMBERS FOR EASE OF READING, WITH ROUNDING PERFORMED AT THE LAST STAGE OF CALCULATION FOR MAXIMUM ACCURACY. VALUES FROM X.00 TO X.49 ARE ROUNDED DOWN AND VALUES FROM X.50 TO X.99 ARE ROUNDED UP. THEREFORE IN SOME INSTANCES, RESULTS MAY NOT TOTAL 100%.

	STRONGLY AGREE	AGREE	NEITHER	DISAGREE	STRONGLY DISAGREE	TOTAL
NUMBER OF RESPONSES	151	166	176	96	24	613
PERCENTAGE	24.63%	27.08%	28.71%	15.66%	3.92%	100%
ROUNDED PERCENTAGE	25%	27%	29%	16%	4%	101%
NUMBER OF POSITIVE	151 + 166 = 317					
% POSITIVE	317 ÷ 613 = 52%					

ANONYMITY

IT IS ENGINE'S PRACTICE NOT TO DISPLAY THE RESULTS OF GROUPS TO THE EXTENT WHERE THE ANONYMITY OF INDIVIDUALS MAY BE COMPROMISED. RESULTS FOR TEAMS WITH LESS THAN 10 WILL NOT RECEIVE AN INDIVIDUAL REPORT. HOWEVER, THEIR DATA WILL STILL CONTRIBUTE TO THE SCORES FOR THEIR GROUP AND THE ORGANISATION OVERALL.
